## *Dr. Mustafa M. Alkhader, PhD.*

### **Area of Expertise**

Oral and Maxillofacial Radiology, Advanced imaging and TMJ.

### **Education**

March 2010, Collage of Dentistry, Tokyo Medical and Dental University, Tokyo, Japan.

#### **PhD, Oral and Maxillofacial Radiology (Dentistry).**

Dissertation: "Diagnostic performance of MRI for detecting osseous abnormalities of the temporomandibular joint and its correlation with cone-beam CT."

Advisor: Professor Tohru Kurabayashi, PhD.

June 2003, College of Dentistry, Jordan University, Amman, Jordan.

#### **BDS, Dentistry.**

### **Professional experience**

10/2005 – 4/2006. Dept of Oral and Maxillofacial Radiology  
Collage of Dentistry, Tokyo Medical and Dental University, Tokyo, Japan.

#### **Graduate Research Student.**

- . Studied the advanced imaging modalities used in Dentistry.
- . was involved in a team for development of new projects.

1/2004 – 1/2005.

#### **Dentist.**

- . Practicing general dentistry in a private clinic.

7/2003 –1/2004. Jordan University Hospital, Amman, Jordan.

#### **Senior Resident.**

- . was involved in treating patients with different dental problems.
- . worked with doctors in developing educational programs for patients.

***Publications:  
Papers and Abstracts***

**PAPERS:-**

**M Alkhader, N Ohbayashi, A Tetsumura, S Nakamura, K Okochi, MA Momin and T Kurabayashi** (11/2009): Diagnostic performance of MRI for detecting osseous abnormalities of the temporomandibular joint and its correlation with cone-beam CT. Accepted for publication in Dentomaxillofacial Radiology journal.

**M Alkhader, A Kuribayashi, N Ohbayashi, S Nakamura and T Kurabayashi** (2/2010): Usefulness of cone beam computed tomography in temporomandibular joints with soft tissue pathology. Accepted for publication in Dentomaxillofacial Radiology journal.

**ABSTRACTS:-**

**Momin, M.M. Alkhader, J. Sakamoto, H. Watanabe, N. Ohbayashi, and T. Kurabayashi** (28/11-2/12/2007): Detectability of adhesion in TMJ space- a comparative study of MDCT and CBCT. 58th annual session of American Academy of Oral and Maxillofacial Radiology, Chicago, USA.

**M Alkhader, N Ohbayashi, A Tetsumura, S Nakamura, K Okochi, MA Momin and T Kurabayashi** (20-22/11/2008): Diagnostic performance of MRI for detecting osseous abnormalities of the temporomandibular joint and its correlation with cone-beam CT. seventh Asian congress of Oral and Maxillofacial Radiology, Nara, Japan.

**M Alkhader, A Kuribayashi, N Ohbayashi, S Nakamura and T Kurabayashi** (21-24/10/2009): Usefulness of cone beam computed tomography in temporomandibular joints with soft tissue pathology. 60th annual session of American Academy of Oral and Maxillofacial Radiology, Kentucky, USA.

***Professional  
memberships***

Jordan Dental Association (**JDA**).

***Awards received***

Awarded the Japanese Government Scholarship (Monbokagaksho) for the duration of my Ph.D. study.

## **Certificates**

ICDL (international computer driving license).  
IELTS (international English language testing system).
