King Saud University Software Engineering Dept.	Web Applications Development SWE 381 Dr. Mohammed F. Alhamid

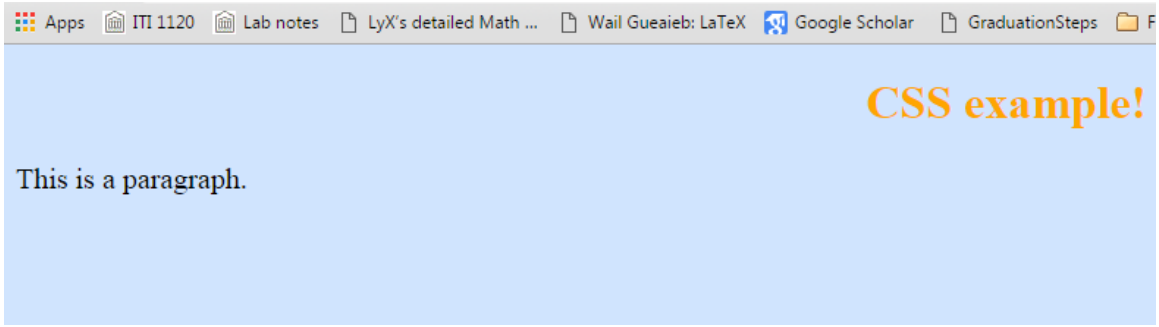
CSS Exercise (Week #3)

Exercise 1

Provide the necessary HTML and CSS code that produces a web page that looks like the picture provided below. Please use the provided image as an illustration of the required output.

Hint:

#d0e4fe	Required background color.
text-align:center	Text alignment center

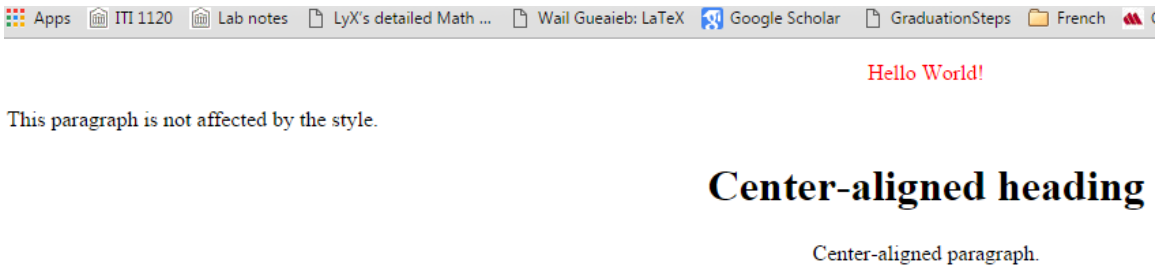


Exercise 2

Provide the necessary HTML and CSS code that produces a web page that looks like the picture provided below. You must use "#para1" in the style header and Class named "center" for the rest of text. Please use the provided image as an illustration of the required output.

Hint:

#para1	Create A parameter style for the text "Hello World!"
class="center"	Text alignment center



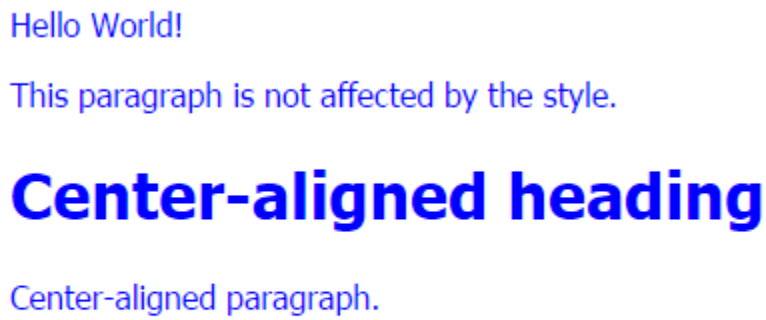
Exercise 3:

Use the CSS in above two examples as an external CSS file.

Exercise 4:

Referring back to Exercise 1, please use the Universal Selectors as in the "Hint" table and change the font type.

Hint

* {
color:blue;
}
	To render the content of every element in our document in blue


Georgia, sans-serif	Use this font type.
