SUMMARY OF SKILLS:

Communication:

Communication skills are good which were gained from giving presentation, contacting companies and organizations and dealing with patients professionally.

Research:

My undergraduate courses required work to a tight deadline, researching and presenting my findings both verbally and in writing.
Interest in reading scientific literature especially journals
Good Knowledge of SPSS statistical program.

Teamwork:

Community course involved a group project about oral health education.
I was responsible for finding sponsor, writing and sending letters, arranging events and designing some posters.

Working as team during my studying has involved different roles which helped me to realize the value of team work, time management and commitment.

Computing:

Good working knowledge of Microsoft Word, Excel spreadsheets, PowerPoint presentations and Internet.

LANGUAGE:

Arabic-native language.
English-read, write and speak fluently.

MEMBERSHIPS:

Saudi Dental Society
