Objective:

Having admission to your valuable endodontic program would enable me to obtain the knowledge, clinical skills necessary to examine, diagnose and successfully treat my patients. Transferring that knowledge to dental students would provide the community with highly educated and trained dentists.

Current Work Position:

-July/2009 -present working as Clinical Supervisor in Endodontics, College of Dentistry, King Saud University, Riyadh, Saudi Arabia.

-Work duties Include:

- Clinical Supervision of dental students in endodontic treatment
- Treating patients (exclusively endodontic treatment)
- Supervising and teaching dental students in operative clinical sessions
- Additional work activities: Attending consultant clinic with endodontist

Work Experience

- Aug/2008-July/2009 **Internship Training program, college of dentistry, King Saud University.
Riyadh, Saudi Arabia**

- During the Internship training program, I have excellently achieved the following procedures that are related to Patient Care:
 - Obtaining patient history and performing intra-oral and extra-oral examination
 - Analyzing x-rays precisely and evaluating patient dental needs
 - Establishing a diagnosis and Planning treatment
 - Performing dental treatment in all different specialties including (Endodontics, oral and maxillofacial surgery, periodontics, restorative dentistry, prosthodontics and pedodontics)
- Working for two months in Maxillofacial Clinic in Riyadh Military Hospital
- Working for two months in Riyadh Military Hospital in general dental practice
- Working for two months in King Fahad Medical City in general dental Practice
- Working for six months in College of Dentistry, King Saud University
