

Tagreed Almalki

## **Scholarship to study a PhD statistics**

### Personal information

Name: **Tagreed Saeed Mosfer Almalki**

Date of birth: **Mar. 18, 1983**

Place of birth: **Riyadh, KSA**

Nationality: **Saudi**

Marital status: **Married**

### Academic Background

- **2012-2013** I had studied 4 courses at McMaster University and used R program.
- **2011-2012** was ESL student at University of Guelph.
- **2010** Master degree in Statistics from King Saud University, Department of Statistics and Operational Researches, College of Science, Riyadh ,KSA
- **2005** Bachelor degree in Mathematics from king Saud University, Department of Mathematics, College of Science, Riyadh ,KSA

### Work experience:

**2014- Current** Lecturer (Department of Statistics and Operational Researches, College of Science, Riyadh, KSA)

- Teach course of (100, 215, 324 & 106 stat)

**2007- 2013** Teaching Assistant (Department of Statistics and Operational Researches, College of Science, Riyadh ,KSA)

- Teach exercises of (101,103,111 & 213 stat) using SPSS, MINITAB
- Teach exercises of (106, 122, 213, 111 &324 stat)
- Teach exercises of 241

**2005- 2007** Cooperative Teaching Assistant

## Languages :

Write and speak Arabic and English

## Computer skills:

- Ability to use the Computer and Statistical Programs (R, Fortran, Maple, Mathcad, Minitab and SPSS ) .

- Ability to use the Microsoft Office (Word , Excel , & PowerPoint ) .

## Contact information;

-Email [tmalki@ksu.edu.sa](mailto:tmalki@ksu.edu.sa)

[totey1983@hotmail.com](mailto:totey1983@hotmail.com)

-Mobile +966504265791

-Address

King Saud University,  
College of Engineering,  
P.O. Box 800,  
Riyadh 11421.

## Interests and activities

My research interests are in statistical inference, including estimating functions and reliability.

Participate in a workshop entitled "How to analysis data using SPSS " King Saud University-Research Center 18 - March 17, 2016

Participate in a workshop entitled "Statistical analysis using spss" King Saud University-Research Center 18 - March 29, 2006

Participated in Analyzing Statistics Data for Afaq Project (Studying high education for girls in KSA)
