

# BioInG WorkShop

**Can you imagine that**  
there is a database of life! Yes, Databases that carry all our secrets and store all our characteristic.

**Do you know that**  
there are a lot of tools that can help to discover our similarities and differences?

## Come, join us and Register in our workshops: "Hands on Experience in Bioinformatics"

The workshop includes **two-sessions**:

### **Session 1:** Databases of life! (DNA, RNA, Proteins)

Thursday Nov 13<sup>th</sup>, 12:00-2:00

Presenter: Dr Isra Al-Turaiki, Assistant Professor, IT Department

### **Session 2:** Comparative Tools and Technologies: Blast

Thursday Nov 27<sup>th</sup>, 12:00-2:00

Presenter: Ms Hessah AlRaqibah, Teaching Assistant, CS Department

**Where:** Female Lab G12, Building 6, Ground Floor.  
Male: TBA, depending on number of registrations.
