Login Form 2: It contains username and password which compares with the first page username and password. If the Username and the password is correct it will display the third form

A screenshot of a Java Swing window titled "Login". The window has a blue title bar with standard minimize, maximize, and close buttons. The main content area is light gray and contains the text "Login Form" at the top. Below this, there are two labels: "User ID" and "PassWord", each followed by a white text input field. At the bottom of the form, there are two buttons: "Submit" and "Cancel".

Form 3: It displays the welcome screen after login

A screenshot of a Java Swing window titled "Welcome". The window has a blue title bar with standard minimize, maximize, and close buttons. The main content area is light gray and contains the text "Welcome" centered on the screen.
