Instructors Dr. Kholoud Bokhary, PhD., MOptom. (kbokhary@ksu.edu.sa)
Office Hours (Monday 9-10, Thursday 10-11 AM, office no. 227).

COURSE DESCRIPTION:

Introduction to the foundation and basic sciences of public health with an emphasis on the epidemiology of vision problems in the region, how to protect vision and ways to manage these problems .It also aims to study Professional Ethics and Ethics of human and animal research.

COURSE LEARNING OBJECTIVE:

By the end of this lecture, students will be able to:

- ☐- Define epidemiology correctly.
 - Identify the three components of epidemiology.
- ☐- Enumerate uses of epidemiology.
 - Discuss natural history of disease.
 - Clarify importance of sources of epidemiological data.
- ☐- Discuss epidemiological variables in relation to frequency and distribution of diseases.

Text Book:

Ethics and Public Health: Model Curriculum. Editors: Bruce Jennings, MA; Jeffrey Kahn; Anna Mastroianni, JD; Lisa S. Parker, 2003.

Reference Material

(Journals, Reports, etc) (Attach List)

Recommended journals change with semester to reflect the latest research and the particular topic on which I have asked the students to research on.

COURSE POLICIES:

- **Attendance:** Students are expected to attend each session AND be on time (3 times late = absent). Therefore, regular attendance is critical for doing well in this course.
- **Ask** for explanation if you are confused (in class, office hours, e-mail).
- Please **DON'T** use your cell phones in classroom. Keep it silent, you'll be asked to leave the class if you are using your cell phone inappropriately.
- Use **blue pen** only in writing your assignments and exam answer sheet.
- **Conduct & Responsibilities:** It is the student's responsibility to maintain professional standards of behavior and attire while on campus and hospital. Students are expected to be prepared for instructional activities. They must bring required supplies/equipment and dress appropriately in accordance with instructor's directions. Failure to do so can result in the students being marked for absent for the class session. The dean will impose sanctions for unprofessional behavior. Any form of cheating, fraud, plagiarism, or unauthorized collaboration will result in failure of the course and referral to the dean for disciplinary sanctions.
- **Pons marks:** Only TWO marks will be given at the end of course as needed.
