No.:

**A- Answer with [T] or [F], correct the false ones :**

1. Standard curve is a graph that shows the relationship between different unknown concentrations of a substance, and the absorbance at a specific wave length. [ F ] known

.....

2. Standard solution is a solution containing a precisely known concentration of an element or a substance. [ T ]

.....

3. As the concentration of a protein increase, the absorbance values will decrease. [ F ] increase

.....

**B-What is the principle of Lowery Method?**

1] reduction of  $Cu^{+2}$

2] reduction of Folin-cipolter by ~~with~~ copper-peptide complex.
