COMMUNITY SERVICE

- Patient educational materials covering majority of otological diseases written in Arabic language are available online in my website (<http://faculty.ksu.edu.sa/alsanosi>)
- I wrote Road map broacher for deafness as an educational material for family with deaf children it is approved by the department and distributed into ENT clinics at out hospital
- Member in cochlear implant family support group at KFMC and at king Abdulaziz University Hospital
- Interview in Saudi television 2nd channel about deafness in Saudi Arabia
- Interview in Saudi television 1st channel about deafness in Saudi Arabia
- Alive interview in Saudi Radio channel 1 about cochlear implant

- Representing the university at the ministry of health for planning and establishing national neonatal hearing screening program throughout the kingdom of Saudi Arabia

TEACHING EXPERIENCE

- Teaching ORL 340 course for medical students
- Teaching ORL (311) course for dental students
- Bedside clinical teaching and training of the undergraduate medical and dental students.
- Supervising and training postgraduate trainees in otolaryngology fellowship program and fellows of Otology/Neurotology fellowship

MEMBERSHIP

- 1998-present Saudi association of otolaryngology head and neck surgery
- 2008 – present Mediterranean Society of Otology and Audiology

INTEREST & FUTURE GOALS

- To establish an up to date and state – of – art Otology & Neurotology surface at my institute which will give me the opportunity to practice, teach and research over the span of my career.
- To train the otolaryngology residents and fellows who want to pursue an advanced training in the field of Otology/Neurotology
