Short course description

Course title: Introduction to Semantics and Pragmatics	Course number and code: 246 LINE
Previous course requirement: 236 LINE	Language of the course: English
Course level: Six	Effective hours: 3 hours

وصف المقرر :

Course description

Semantics and Pragmatics addresses the multiple dimensions of meaning in natural language. It presents as a first part of the course types of meaning and meaning relations both paradigmatic and syntagmatic ones. In the second part, meaning in natural language is presented through extralinguistic features such as context, inferencing, and speech acting.
